## Patient Need Survey

### Help us to improve blood cancer patient care **Share your thoughts in our short survey**

We need your help to shape our next phase of research and to ensure that we continuously meet the needs of patients.

As part of our **Patient Need research programme**, we're launching a new survey to help us ensure all blood cancer patients have access to services that help them live well with and beyond their cancer, and to identify any gaps in the current Cancer Recovery Package.

We'd be extremely grateful if you're able to spare ten minutes to **tell us about your experiences**, whether you've had blood cancer yourself, have been affected by a friend or family member's experience, or you're a medical professional.

A report will be shared on our website, and all results will be anonymised. If you have any questions about the survey or the Cancer Recovery Package, please get in touch on [ltaylor@bloodwise.org.uk](mailto:ltaylor@bloodwise.org.uk).
